

## Controls Asked on Junkets

Supervisor Kenneth Hahn has away from their desks between suggested the Board of Supervisors place stronger controls on travel by county department heads.

He cited a report from the County Auditor showing that in fiscal 1966-67 and 1967-68 at least 10 and 20 per cent of the total working days.

Hahn recognized that a certain amount of travel is necessary, particularly on legislation and on programs which could ultimately save the county money.

HOWEVER, he suggested that instead of having highly paid department heads do the bulk of the travel, possibly a lower echelon employe familiar with all aspects of the department could be designated.

Salary costs alone for the 10 most heavily traveled department heads in the last two years totaled from \$4,600 to \$10,118.

Hahn suggested that each department head be limited to one out-of-state trip and one in-state trip each year and that the County Efficiency and Economy Commission be consulted for its recommendation on the situation.

## TURN OFF LIGHTS

For safety in the home during the holiday season, the Greater Los Angeles Chapter of the National Safety Council urges that you make certain the Christmas tree lights are turned off at bedtime or when the family leaves the house.
